

RollStringer™ Supports

Protection for cylindrical products, made with the patented MaxCorr™ process.

Rolls, cylinders and shafts do not sit well on a flat deck. RollStringer™ Supports are our answer: corrugate supports shaped to cradle cylindrical products, protecting them during shipping, handling and warehousing.

Benefits

- ✓ **Cradles round products.** Supports and protects rolls and other cylindrical products in transit and in storage.
- ✓ **Half and Full variants.** Available in standard and custom sizes.
- ✓ **Strong.** High structural strength.
- ✓ **Safe.** No nails, splinters or splinters, for safer handling and less product damage.
- ✓ **Recyclable and export ready.** 100% recyclable and repulpable. Exempt from ISPM-15 heat treatment.*

Half and Full RollStringer™ Support profiles, and RollStringer™ Supports holding steel rolls.
